Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant briefly discussed the rejection of the claims as per the Lum reference. Applicant proposed amending the claim limitations to more specifically define the "list manager" as disclosed in the specification. The examiner noted that while the Lum reference does support the display and management of lists, Lum does not disclose in specifics the workings of the list manager, and as such an amendment to include such specifics could be suitable to overcome the rejection of record.
